### Board Discusses Transportation Of School Tots

Three suggestions were offered Tuesday night at a meeting of the Torrance Board of Education to residents of North Torrance who sought a remedy to the hazard of children walking to school along busy Crenshaw boulevard.

The parents had requested school bus transportation. Emmett Ingram, business manager of the school district, explained that the present limit for picking up children was one and one-half miles from school. To decrease this distance would mean purchasing several buses costing several thousands of dollars. There is no money in the present budget for such expenditures at the present time, he pointed out.

The three suggestions offered the group of parents attending the meeting were these:

- 1) Ask the city for sidewalks to allow the children to get off the busy Crenshaw boulevard.
- 2) Contact the municipal bus lines to ascertain the feasibility of the city providing transportation under a "contract arrangement."
- 3) The school district would re-examine its bus schedule to determine if it could be possible to decrease the pick-up range now established by the district.

The problem was presented to the board by Harold Mogal, 3323 West 187th street, and Harold Bilson, 3112 West 186th street. They presented a petition signed by residents of the new home tract at 192nd street and Crenshaw boulevard asking the school board to provide transportation.

Mrs. Bilson volunteered to drive a bus of one could be provided.

#### PENSIONS GIVEN

A bill providing old age and disability pensions for more than a million persons has been approved by the Egyptian government.

### Torrance Student Gets Lead in College Drama

Title role of King John in the Shakespearean play by that name now in production at El Camino has gone to Robert Pooler, of 2216 Huber avenue. Pooler will be supported by Wreatha Wood, of Los Angeles, and 18 other players.

One of Shakespeare's great historical plays, "King John," will be presented at the El Camino College Campus Center March 2 and 3.

Tickets for the performances

will go on sale at the college soon. A low price of 50 cents is being set to encourage large attendance by local residents and high school students.

Under the direction of Dr. R. Gordon Orme, drama instructor, the play has been condensed to two acts and six scenes.

Music will be provided by the school orchestra, under the direction of Hamilton Maddaford. Interpretation is being supervised by Robert Englehardt, who

directed Jeanne Crain in the play nine years ago when the movie star was a student at Inglewood high school.

#### DEAN TO GIVE LECTURE

Dr. John Allan Smith, administrative dean at Harbor Junior College, will discuss conditions in Europe today in a slide lecture to be given at Harbor Junior College on Tuesday evening, February 27.
